The REDF Accelerator, powered by +Acumen, is a unique, hands-on program designed to support and connect the leaders of employment social enterprise. In addition to learning from REDF’s 20+ years of experience, Accelerator Fellows provide each other with peer mentorship, experience-based solutions, and inspiration born from a common purpose—to provide people striving to overcome employment barriers with the jobs and support they need to thrive.

**TRANSFORMATIVE LEARNING:**

REDF ACCELERATOR’S CORE CURRICULUM HELPS YOU:

- Strengthen your program and your bottom line
- Improve your strategic thinking and planning skills
- Set (and execute!) bold professional and personal goals
- Diagnose and overcome challenges by applying a “growth mindset” approach
- Develop strong relationships with peers for problem-solving and future support
- Better understand your audience and increase the effectiveness of your funding pitch

“Connecting with people that understand the highs and lows, the challenges and triumphs. We’re able to get to the heart of the matter so much more readily. It made it feel like scale is actually achievable.”
