An investment that works.

IMPACT LENDING REPORT

REDF Impact Investing Fund

After more than 20 years of providing grants and advisory services to employment-focused social enterprises, in 2017 REDF launched its Impact Lending Practice to add an important tool to accelerate the growth of the field. In 2019, REDF established its first fund—the REDF Impact Investing Fund—to raise and

deploy capital in service of employment social enterprise. As the social enterprise field matures, so does the need to access flexible capital to grow, capitalize on new opportunities, and better serve employees. REDF is demonstrating a model for how flexible loan terms combined with technical assistance can improve borrower performance and attract new sources of capital to employment-focused social enterprises.

BORROWER SPOTLIGHT

Better Futures Minnesota (BFM) operates a reuse warehouse and social enterprise providing deconstruction, building maintenance, appliance recycling, and janitorial services. BFM employs men with multiple barriers to employment.

In 2017, BFM entered the REDF Accelerator to build capacity and strengthen organizational leadership.

To further facilitate growth, BFM received a strategic grant from REDF in 2017, which was used to strengthen organizational systems.

In 2018, REDF provided a \$200K loan to fund the expansion of BFM's warehouse, purchase of new equipment and software, and marketing support.
